

RETURN TO GOD

Our nation is drifting farther and farther from God and His word. There is a movement that has gained much momentum in the last several years that is succeeding in removing God and the Bible from every aspect of American society. What once was considered a Christian nation has become a nation whose god is humanism and whose lord is pleasure. When will we realize that our country is on a collision course with destruction...not from enemies from without, but from within?

Moses is credited with writing the 90th Psalm. It is the one where we get the idea that life expectancy is around seventy years. **Psalm 90:10 But** there is another more important message that we need to heed today. In acknowledging that God is the creator and is the everlasting God, Moses echoes God's words to the people... **Return, O children of men. Verse 3.** No one knew better how people who had seen the mighty hand of God at work could quickly turn away from him. For forty years Moses led the people from Egypt to the border of the land of Canaan. And for those same forty years, he heard complaint after complaint and murmuring upon murmuring. Consequently, thousands of those who left Egypt never saw the promised land.

Continuing in **Psalm 90:11-12** Moses said... *Who knows the power of Your anger? For as the fear of You, so is Your wrath. So teach us to number our days, that we may gain a heart of wisdom.* The anger of the Lord is not something we want to experience. His anger and His wrath can be held back for only so long.

If our country doesn't wake up and return to God, it is headed for collapse and destruction. Consequently, our children and grandchildren are going to suffer in ways we never thought possible in America. *It is a fearful thing to fall into the hands of the living God.* **Hebrews 10:31**
